DAY 1 Thurs July 23rd

Rugby-Minot-Bismarck-Jamestown-Fargo-Brookings SD

Our travel companions will gather today for an adventure including entertainment, education, laughs & always FOOD! This evening we have group supper at an old-style Supper Club then off to see Grease performed at the Lake Benton Opera House!

Day 2 Fri July 24th

Brookings-Aberdeen SD

This is what we call an "up close & personal" experience! We will have the opportunity to learn the details about Wind Farms & energy. We begin at the Wind Power Museum with a short presentation on the history and impact of wind energy in the local community. The tour continues to a local Wind Power Management Company (Allete Clean Energy), where the manager provides a tour of the facility & shares details on the maintenance and repair of the wind turbines. We then visit a local farm where a former MN State Senator and MN Commissioner of Agriculture & his brother own their own wind turbine. We get an opportunity for an up-close tour of the inside of the wind turbine and hear from Jim regarding the history and future of the wind industry. Back in Brookings, you have time for lunch on your own before we make a stop at the beautiful McCrory Gardens. We finish our day in Aberdeen with a group supper and a very entertaining evening with Erma Bombeck's "At Wits End"

Day 3 Sat July 25th

Aberdeen-Fargo-Jamestown-Bismarck-Minot-Rugby.

Returning home today, we share a farewell group lunch & memories of our summer jaunt!
