Day 1 Tues Aug 22

We can start in Rugby or we can start in Dickinson-the terrain will change but either way we will all end up at the same location later today where the locals are anxious to feed us a group welcome supper and show us a few new steps while we are being entertained.

Day 2 Wed Aug 23

Today-a piece of history & the full story, add in a group lunch – and you'll have lots of knowledge to share with the folks back home. Before the day's over, there will be "romance", some action, more entertainment, music and a down home meal –all cause to be glad you signed up for this mystery adventure.

Day 3 Thurs Aug 24

Today we text but then they wrote, today we drive but then they rode-what a piece of history! Another special stop with group lunch included. And later today-a hidden treasure that tells yet another interesting tale. Our group supper is done with a crafted hand while you watch the results fresh out of the pan!

Day 4 Fri Aug 25

Home is our destination but one more story almost bigger than life will have you determined to learn more about a very interesting lady. Almost lost in time-she has been rediscovered and rightfully so! Farewell lunch, more memories & we continue our way home.
